Integrated Carer Support Service (ICSS) Survey

Project Title: Impact evaluation of the Integrated Carer Support Service and carer support programs

What is the project about?

You are invited to take part in an evaluation of the Australian Government's support system for carers.

The Australian Government funds a range of carer support programs, and this survey will collect the views and experiences of Australian carers on the Young Carer Bursary Program.

This survey will be a part of a larger evaluation that will provide information on three carer support programs:

- Carer Gateway
- the Young Carer Bursary Program and Young Carers Network
- Your Caring Way.

The purpose of the evaluation is to assess how the programs are meeting carer support needs and if they are improving wellbeing and participation for carers.

THIS MEANS THE RESEARCHERS WANT TO FIND OUT WHAT IS WORKING WELL AND WHAT CAN BE IMPROVED ABOUT THE YOUNG CARER BURSARY PROGRAM AND YOUNG CARERS NETWORK.
